

PENINSULA SOCCER ASSOCIATION

Peninsula Soccer Association, enabling all players and coaches to achieve their full potential, through a fun, positive and supportive environment.

PARENTS CODE OF CONDUCT

Having enrolled my child to play soccer with the Peninsula Soccer Association for the year 2002/2003 I undertake to meet the following obligations.

1. I will ensure my children under 16 are delivered to and collected from all practices and games on time, and encourage my older children to be responsible in attending games and practices.
2. I will ensure my children are appropriately equipped at all games and practices.
3. I will support my children, their coaches and teams in a positive manner.
4. I will respect and support the game officials.
5. I will encourage my children to compete fairly and comply with the spirit of the game.
6. I will conduct myself at the field with courtesy and dignity, never yelling negative comments to my children, their team-mates, opponents or officials.
7. I will remember that my children are there to develop soccer skills, learn teamwork and sportsmanship, but most importantly, to have fun.
8. I realise that the coaches will make the decisions about what positions, and how much time my children will play, within the guidelines of the association
9. If I have any concerns about my children's treatment I will first politely approach the coach with them. If I remain unsatisfied I will take my questions to the club via the age group co-ordinator.
10. I will familiarise myself with association's rules and policy, and support the principles in the mission statement.
